

Dolphin Luck

The Robinsons are a bit down on their luck this Christmas. So when young Beany Robinson hears about Dolphin Luck, she knows she has to get some for her family. Her mother has pneumonia, and the four Robinson children are scattered with other families until Mrs. Robinson can recuperate. If Beany can just find the magic Viking sword with a dolphin-shaped hilt, she can wish everything right again. What happens to each family member before the Robinsons are reunited is at the heart of this touching, hilarious, totally absorbing story -- a terrific companion to Dog Friday and The Amber Cat.
