

Hot Lead, Cold Iron: A Mick Oberon Job Book 1

Hot Lead, Cold Iron is the first novel in a brand-new fantasy detective series that will appeal to fans of Rivers of London and The Dresden Files. Chicago, 1932. Mick Oberon may look like just another private detective, but beneath the fedora and the overcoat, he's got pointy ears and he's packing a wand. Oberons used to solving supernatural crimes, but the latest ones are extra weird. A mobster's daughter was kidnapped sixteen years ago, replaced with a changeling, and Mick's been hired to find the real child. The trails gone cold, but what there is leads Sideways, to the world of the Fae, where the Seelie Court rules. And Mick's not really welcome in the Seelie Court any more. He'll have to wade through Fae politics and mob power struggles to find the kidnapper and of course it's the last person he expected.
