

The Champions Comeback: How Great Athletes Recover, Reflect, and Re-Ignite

Your ultimate guide to overcoming losses and injuries and achieving greatness?on and off the field. Leading sports psychologist Jim Afremow, author of *The Champions Mind*, knows what makes good athletes great, especially when they come back to win after facing devastating injuries, tough obstacles, or seemingly insurmountable odds. Making a comeback isn't just about raw talent or athletic ability?it's the mental game that counts most. In *The Champions Comeback*, he offers winning strategies for athletes of any age or skill level to get mentally psyched for competition, quickly rebound after a loss, and overcome injuries (and the fear of re-injury). Afremow explores the psychology of commitment and shows you how to develop the core confidence of repeat champions. Featuring unique tips and advice, including guided imagery scripts, easy-to-follow mental training exercises, and motivating stories of famous comeback athletes, *The Champions Comeback* is the ultimate athletes handbook, encouraging you to not only stay in the game but also achieve greatness, no matter what.
