

## Gullhanger: Or How I Learned to Love Brighton and Hove Albion

Gullhanger tells the tale of a man who set out to try and rekindle his passion for the game, shunning the likes of Manchester United, Liverpool, and Arsenal for his local side, Brighton and Hove Albion, the newly promoted champions of Division Three. This title charts the authors developing passion for the Seagulls, a team that he had never before given a monkeys about, rarely glancing at their match reports and unable to name more than one of their current players. Suddenly, though, after years of struggle, the club looked to be on a roll and he found his long-lost sense of fervor for soccer returning upon deciding to become a Gullhanger.
