

Mathematics for Sexy People: What You Need To Know About Algebra and Stuff (Deep Learn Series) (Volume 1)

Are you too sexy for math? Probably not. The better question: Are you sexy enough?

This serious mathematics workbook guides you to a deeper learning of essential algebraic topics required for college. Your mathematics recall and experience are reinforced and your skills and test performance are enhanced. The exercises include pre-algebraic topics such as fractions and core algebra topics like quadratics. The core lessons are provided as word problems, with hints, and there are two exams to sharpen your performance skills. Stay sexy. Learn mathematics.
