

Acts of Charity

At the height of the nonprofit worlds social swirl in New York, the citys white-shoe charities scramble to give the gala parties that will tease a few more dollars out of their well-heeled patrons. With many nonprofits depending on their galas for earning up to 25 percent of their budget, the events themselves are quite a site to see, sometimes costing one half of the ticket price to produce. On any given night, New Yorks upper crust might bounce between their pick of benefit soirees. The most sought-after events, however, are invitation only and can cost up to \$10,000 per couple and if you think thats expensive, just wait until you see what people wear!

In Acts of Charity, Mark Peterson captures the culture of philanthropy and reveals the true personalities behind these seemingly selfless acts. Peterson accompanied society matriarchs who don Chanel gowns, elbow-length gloves, and flawless coiffures as they attended New York City benefit galas that are as elite as they are charitable. Providing the perfect entree to high society, Peterson escorts us to the most exclusive evenings, introducing us to the characters who populate these posh parties. Acts of Charity is your invitation into this most exclusive world, and even includes the highlight of the spring social season the Conservancy Ball for the New York Botanical Garden.
