

New Cosy Mystery Series The Blackfriar Mysteries: THE BOXED SET -- INCLUDES ALL FOUR BOOKS

The Blackfriar Apartment building started life as a lumber barons mansion. Now it houses an interesting collection of tenants who each seem to have secrets to hide. They lived peacefully, until Tatianas malicious gossip and greed upset her neighbours...upset them enough for one of them to push her down the stairs to her death! That should have been the end of the blackmail demands, shouldnt it? But the threatening notes continued, and they seemed to be very close to the truth, close enough for Marissa, Bernice, Helen and others to pay up to preserve their secrets. Then, another blackmailer caught, and peace...but only for a short while! Who was Marissa really? Where did she come from, Portugal as she insisted, or were here paintings really loot the Nazis had removed to her alleged South American roots...and Estelle de Wisner... now she claimed to be a retired European opera singer, but when her neighbors went on line to check on her, they couldnt find out a thing. Bernice claimed to widowed twice, but Tatiana had insisted Bernice was wanted by the FBI for murdering six husband! What of Tatiana herself? Was her background KGB? Or was it even muddier and more sinister than that? If you like cozy mysteries with great characters and fast paced action, youre going to love The Blackfriar Mysteries, and this is your chance to get all four books in the series for a great saving over buying them one by one. Each book is stand-alone, but together they paint the whole picture. Just click the Buy button for some great reading!
