

Ride Like Hell and Youll Get There: Detours into mayhem

ATTEMPTING 300KPH on an untested experimental motorcycle could be considered a perfect way to kill yourself, but Paul Carter is still, well, PAUL CARTER and danger at high speed is his second name. Whether discovering that being dyslexic means delivering your lines to camera back to front in the midst of filming a TV series, or starting a new business and travelling the world, or dealing with lifes more sober moments like the birth of a son or the loss of a father, Paul Carter is still the funniest man in the bar and the nicest alpha male youll ever meet as he risks all for the sake of a cracking yarn. SO STRAP YOURSELF IN and HOLD ON TIGHT for his FOURTH BOOK - we just have to hope that he wont be institutionalised before completing his fifth!
