

The Taming

Katie likes to believe she's invisible. It seems so much safer than being exposed as who she is: shy, poor, and vulnerable. So getting up in front of an audience as the lead in her school's production of *The Taming of the Shrew* should be complete torture. But as Katie tells it, something totally unexpected happened when she stepped on stage: My head exploded. I loved it. Acting hit me like a sucker punch and I loved, loved, loved it! Invisible Katie became visible Katherina. Evan is, as they say, another story. He knows just what it takes to get noticed, and he uses every one of the skills he's perfected from years of being the new kid at yet another new school. Rich, smart, and ridiculously charming, he's like nothing and no one Katie has ever encountered. How then could someone like him possibly be interested in someone like her? But before she knows it they are inseparable. Over the dizzying course of their relationship, Katie must confront the fact that the power of love can conceal darker truths.
