

Ryans Hand

A sweeping, classic romance about the ties that bind us together-and the promises that can break us apart ... Some friends are more like family...and thats exactly how Cara Martin feels about Ryan Langston. He stood by her side through the most difficult time of her life and theres nothing she wont do for him, even now after his death. But inheriting Ryans share of his familys ranch in west Texas and living there for a year? Cara doesnt understand what he was thinking. Still, she cannot, will not deny Ryans last request...even if it means sharing a roof with his brooding, arrogant older brother. Jeth Langston doesnt trust Cara as far as he can throw her.

Jeth is certain she prevented his baby brother from spending his last days at home. And hell be damned if he lets this stranger take over the Langston family legacy too. Whatever the cost, hes determined to drive this beautiful outsider away-no matter how intriguing he finds her. But as the days grow longer and sunshine sweeps across the plains, Cara cant help but fall for the untamed land-and the man whose passion for it captures her, heart and soul. Can their love bloom wild and free on this Texas ranch?
