

Sams Teach Yourself Mac OS X in 24 Hours

Sams Teach Yourself Mac OS X in 24 Hours will help new users to understand how the new OS (different from the traditional Mac OS, as well as Windows) will function, and how to use it successfully. The book will also explore how to use the native OS X applications that ship with the product. Specifically, the book will teach the reader how to install and configure OS X at a basic and advanced level, make use of Classic, Carbon, and Cocoa programs, create a network, use the UNIX command line and applications, and much more.
