

The Sistine Chapel: French Language Edition

Almost twenty thousand people a day visit the Sistine Chapel - people of all origins, languages, cultures and religions. The Sistine Chapel is the irresistible attraction, the object of desire of international museum-goers. The Sistine Chapel, however, though part of a museum visit, is not a museum itself. As a consecrated chapel it defines a unique religious space. Moreover the Chapel truly defines the identity of the Roman Catholic Church. Thus writes Antonio Paolucci, Art Historian and Director of the Vatican Museums, in the opening lines of his book. This book is an essential tool in helping visitors to understand the reasons which, between the fifteenth and the sixteenth century, led to the creation of the Sistine Chapel, the greatest representation of human art and spirituality. It aspires to enable visitors to understand the extraordinary theological design which governs the space, as well as helping them to appreciate the different styles and artists (Michelangelo, Botticelli, Perugino, Ghirlandaio and Signorelli) who gave form to the message. Pres de vingt mille personnes un jour visiter la Chapelle Sixtine, des personnes de toutes origines, langues, cultures et religions. La chapelle Sixtine est l'attrait irresistible, l'objet du désir du musée international des congressistes. La chapelle Sixtine, toutefois, même si une partie de la visite du musée, n'est pas un musée lui-même. Comme une chapelle consacrée elle définit un unique espace religieux. En outre, la chapelle vraiment définit l'identité de l'Église catholique romaine. Ainsi écrit Antonio Paolucci, historien de l'Art et directeur des Musées du Vatican, dans l'ouverture de lignes de son livre. Ce livre est un outil essentiel pour aider les visiteurs à comprendre les raisons qui, entre le quinzième et le seizième siècle, a conduit à la création de la Chapelle Sixtine, La plus grande représentation de l'art humain et

spiritualite. Il aspire a permettre aux visiteurs de comprendre l'extraordinaire conception theologique qui regit l'espace, ainsi que les aider a comprendre les differents styles et artistes (Michelangelo, Botticelli, Perugino, Ghirlandaio et Signorelli) qui a donne forme au message.
