

Sacred Wind: Book 2

Sacred Wind: Book 2 Its safe to say that the last thing Aiden Peersey expected when he began his trip to Llangollen was to meet a bunch of Welsh Vikings who played in a rock band called Sacred Wind. Its also safe to say that the technology geek and part-time sound engineer didnt expect to be catapulted into a quest to win a music tournament, to save the faerie queen, to win freedom for their land, to be able to fart freely, and to win the right to their cheese. Nevertheless, thats exactly what happened Transported into an alternative reality by the Navigation App on his quantum computer-powered Smart Phone, Aiden discovers a land ruled by the evil Baron Blacktie, who has banned rock music, outlawed unauthorised flatulence, and made cheese sniffing a crime. He is soon immersed in a world where sheep manage pubs and play in orchestras, cats are telepathic, cheese comes from mines, and curries have consciousness (Wrexham is a Currydom, ruled by King Beef Vindaloo-Boiled Rice III and his wife, Queen Tikka Masala-Coconut Rice). When the evil Baron discovers that Sacred Winds drummer, Agnar the Hammered, owns a cheese mine that contains a potentially magic cheese, he concocts a hideous plot to make the mine his own. He challenges Sacred Wind to take part in a prestigious music tournament, and he sends his two top spies, Hob and Nob, to capture the Faerie Queen, Ophelia, who is betrothed to Sacred Winds singer, Olaf the Berserker! And so, Aiden joins the Sacred Wind and the Companionship of Wind, as they embark on a perilous journey to reach the city in time for the great tournament So, if you want to delve into a world where curries will make you laugh, where sheep will make you cry, where no-one sniggers when your first name is Oldfart, where youll cheer quite a lot at the bits that have obviously been written to incite cheering, where youll think about faeries in ways

you really shouldn't, where you'll be even more scared of Traffic Wardens than you ever thought possible, where vacuum cleaners get possessed, where Welsh Vikings can have platonic relationships with English sheep, where you finish reading the story with a smile on your face and warmth in your heart, and where you want to read more as soon as you've finished, then Sacred Wind is the book for you. Sacred Wind: Book 3 - Preview

You'll cheer on the Companionship in their game of charades. You'll actually be very glad to see Traffic Wardens. You'll feel sad as a hero passes from this world to the next.

You'll cheer as the Companionship enter Chester, but cry at a noble sacrifice. Baron Blacktie will really start to get on your nerves. You'll want to sing along at the Cestrian Music Tournament. You'll be on the edge of your seats as the battle begins.

You'll fall in love with a Troll. You'll gnash your teeth at the Knights of Flatulence.

And you'll witness the stunning conclusion to our story. All this and more awaits you in Sacred Wind: Book 3. For all things Sacred Wind and more, check out the website: <http://www.sacredwind.co.uk/>
