

## Shadow Prowler

An army is gathering; thousands of giants, ogres, and other creatures are joining forces from all across the Desolate Lands, united, for the first time in history, under one, black banner. By the spring, or perhaps sooner, the Nameless One and his forces will be at the walls of the great city of Avendoom. Unless Shadow Harold, master thief, can find some way to stop them. Epic fantasy at its best, Shadow Prowler is the first in a trilogy that follows Shadow Harold, the legendary thief of Siala, on his quest for a magic Horn that will restore peace to the Kingdom of Siala. Harold will be accompanied on his quest by an elfin princess, Miralissa, her elfin escort and ten Wild Hearts, the most experienced and dangerous fighters in their world...and by the king's court jester (who may be more than he seems...or less).
