

## Romans (St. Andrews Expository Commentary)

Sproul's sermons at St. Andrews Chapel are the foundation of these never-before-published expositions on Paul's epistle to the Romans. Chrysostom had it read aloud to him once a week. Augustine, Luther, and Wesley all came to assured faith through its impact. The Reformers saw it as the God-given key to understanding the whole of Scripture. Throughout church history the study of the book of Romans has been pivotal to understanding Christian life and doctrine. Convinced that Paul's fullest, grandest, most comprehensive statement of the gospel is just as vital today, R. C. Sproul delivered nearly sixty sermons on Romans from October 2005 to April 2007 at St. Andrews Chapel, where he has pastored for more than a decade. These never-before-published, passage-by-passage expositions will enrich any study of this weighty epistle. Part of the St. Andrews Expository Commentaries series.
