

Steppenwolf (Penguin Modern Classics)

A modernist work of profound wisdom that continues to enthrall readers with its subtle blend of Eastern mysticism and Western culture, the Penguin Modern Classics edition of Hermann Hesse's *Steppenwolf* is revised by Walter Sorell from the original translation by Basil Creighton. At first sight Harry Haller seems a respectable, educated man. In reality he is the Steppenwolf: wild, strange, alienated from society and repulsed by the modern age. But as he is drawn into a series of dreamlike and sometimes savage encounters - accompanied by, among others, Mozart, Goethe and the bewitching Hermione - the misanthropic Haller discovers a higher truth, and the possibility of happiness. This blistering portrayal of a man who feels himself to be half-human and half-wolf was the bible of the 1960s counterculture, capturing the mood of a disaffected generation, and remains a haunting story of estrangement and redemption. Herman Hesse (1877-1962) suffered from depression and weathered series of personal crises which led him to undergo psychoanalysis with J. B. Lang; a process which resulted in *Demian* (1919), a novel whose main character is torn between the orderliness of bourgeois existence and the turbulent and enticing world of sensual experience. This dichotomy is prominent in Hesse's subsequent novels, including *Siddhartha* (1922), *Steppenwolf* (1927), *Narcissus and Goldmund* (1930) and his magnum opus, *The Glass Bead Game* (1943). Hesse was awarded the Nobel Prize for Literature in 1946. If you enjoyed *Steppenwolf*, you might like Hesse's *Siddhartha*, also available in Penguin Classics. A savage indictment of bourgeois society...the gripping and fascinating story of disease in a man's soul. (The New York Times).
