

## Iyanla Live!: Back to Basics

In this live recording, Iyanla Vanzant shares how we can put our principles into practice by getting back to basics. To live a fully realized life, we must get back to basics and act on faith. Faith is what we are. It is Faith that gets us through adversity. Faith gets us on purpose. It is faith that allows us to pull the power down and not get knocked down by the conditions and the circumstances of the world. Faith! Its not that we dont have faith, its that weve forgotten our basics. In order to act on faith, Iyanla challenges us to get back to basics, and out of mediocrity into mastery.
