

Stranded with the Prince (Defending the Crown)

Can a royal bachelor and a meddlesome matchmaker ignore their attraction while stranded with killers? Prince Lazlo knew he'd been tricked when he wound up stranded on a remote island with a nosy marriage consultant who'd been hired to find him the perfect princess bride. And the worst part was, she was the one woman he'd tried and failed to seduce, claiming she never fell for a client. But the squabbling stopped once Lazlo realized they weren't alone, and in order to elude the desperate killers stalking them, they had to work as a team. Imminent danger had a surprising upside, he discovered. Out of her element, Milda let down her hair and her guard. Now if only she'd break her number one matchmaking rule.
