

The Supernatural Short Stories of Charles Dickens

Charles Dickens wrote a number of supernatural and horror stories, some of which were included in his longer works, while others were published in magazines. This collection gathers them together in one volume, providing an invaluable insight into the authors storytelling apprenticeship and his steady growth towards excellence. As well as offering a further dimension to the world of his better-known masterpieces, these tales from A Madmans Manuscript to The Story of the Goblins Who Stole a Sexton to the celebrated The Signalman illustrate Dickenss well-known love of a spooky story told around a blazing fire, the pastime of a bygone age to be rediscovered for our own delight.
