

## The Tarzan Collection 1: 4 Novels by Edgar Rice Burroughs: Tarzan of the Apes, The Return of Tarzan, The Beasts of Tarzan , The Son of Tarzan

Tarzan of the Apes (1912) The novel tells the story of John Clayton, born in the western coastal jungles of equatorial Africa to a marooned couple from England, John and Alice (Rutherford) Clayton, Lord and Lady Greystoke. Adopted as an infant by the she-ape Kala after his parents died (his father is killed by the savage king ape Kerchak), Clayton is named Tarzan (White Skin in the ape language) and raised in ignorance of his human heritage. Feeling alienated from his peers due to their physical differences, he discovers his true parents cabin, where he first learns of others like himself in their books, with which he eventually teaches himself to read. On his return from one visit to the cabin, he is attacked by a huge gorilla which he manages to kill with his fathers knife, although he is terribly wounded in the struggle. As he grows up, Tarzan becomes a skilled hunter, exciting the jealousy of Kerchak, the ape leader, who finally attacks him. Tarzan kills Kerchak and takes his place as king of the apes. Later, a tribe of black Africans settles in the area, and Kala is killed by one of its hunters. Avenging himself on the killer, Tarzan begins an antagonistic relationship with the tribe, raiding its village for weapons and practicing cruel pranks on them. They, in turn, regard him as an evil spirit and attempt to placate him. Subsequently, a new party of whites is marooned on the coast, including Jane Porter, the first white woman Tarzan has ever seen. Tarzans cousin, William Cecil Clayton, unwitting usurper of the ape mans ancestral English estate, is also among the party. Tarzan spies on the newcomers, aids them in secret, and saves Jane from the perils of the jungle. Absent when they are rescued, he is introduced further into the mysteries of civilization by French Naval Officer Paul DArnot, whom he saves from the natives. DArnot teaches Tarzan French and how to behave among white men, as

well as serving as his guide to the nearest colonial outposts. Ultimately, Tarzan travels to Jane's native Baltimore, Maryland only to find that she is now in the woods of Wisconsin. Tarzan finally meets Jane in Wisconsin where they renew their acquaintance and he learns the bitter news that she has become engaged to William Clayton. Meanwhile, clues from his parents' cabin have enabled D'Arnot to prove Tarzan's true identity. Instead of claiming his inheritance, Tarzan chooses rather to conceal and renounce his heritage for the sake of Jane's happiness. The Return of Tarzan (1913) The novel picks up where Tarzan of the Apes left off. The ape man, feeling rootless in the wake of his noble sacrifice of his prospects of wedding Jane Porter, leaves America for Europe to visit his friend Paul d'Arnot. On the ship he becomes embroiled in the affairs of Countess Olga de Coude, her husband, Count Raoul de Coude, and two shady characters attempting to prey on them, Nikolas Rokoff and his henchman Alexis Paulvitch. Rokoff, it turns out, is also the countess's brother. Tarzan thwarts the villain's scheme, making them his deadly enemies. Later, in France, Rokoff tries time and again to eliminate the ape man, finally engineering a duel between him and the count by making it appear that he is the countess's lover. Tarzan deliberately refuses to defend himself in the duel, even offering the count his own weapon after the latter fails to kill him with his own, a grand gesture that convinces his antagonist of his innocence. In return, Count Raoul finds him a job as a special agent in Algeria for the ministry of war. A sequence of adventures among the local Arabs ensues, including another brush with Rokoff. Afterward Tarzan sails for Cape Town and strikes up a shipboard acquaintance with Hazel Strong, a friend of Jane's. But Rokoff and Paulovitch are also aboard, and manage to ambush him and throw him overboard.
