

## NCLEX Questions: Pharmacology Vol. 5

A portion of the proceeds from the sales of this ebook will be donated to the American Cancer Society. Thank you for your purchase. This is a collection of multiple choice questions focused on pharmacology for students preparing for the NCLEX. Questions help students identify trade names, generic names, side effects and nursing considerations associated with adrenergic drugs, catecholamine drugs, noncatecholamine drugs, antiadrenergic drugs, alpha-adrenergic blocking agents, beta-adrenergic blocking agents and ganglionic blocking agents.
