The online world is a whirl of texts, tweets, trolls, teens and more but how do you stay safe in this fast-paced online world? Teen Life Confidential is here to help with this guide to safe social networking. New technology, amazing apps and an array of social networks make the digital world an exciting place to be. But it can also be a worrying world of anxiety, stress, and another route for bullies to use. Written by experienced author Anita Naik, this title explores all aspects of a teenagers online life, from simple texting behaviour to how to deal with the negative side. We look at how young people use tech, what is social media, the issues of privacy, and the negatives of online life. Including: The 10 ways to stay safe online checklist. We also feature quizzes to help readers to assess their own behaviour and work out what their tech style is. Anita Naik is an author, columnist, blogger and journalist. She started her career as advice columnist on the teen magazine Just 17, and is now the agony aunt at Teen Now magazine and Avon Connects. She is also a regular contributor to the parenting technology site Quibly (<http://www.quib.ly>) and writes regularly on the subjects of teens, tech, parenting, education and social media, across various media platforms and magazines.
