

The Defender (Tall, Dark...and Dangerously Hot!)

Theo Angelis definitely puts the hot in hotshot lawyer. Or at least, that's attorney Sadie Oliver's opinion. Even a simple handshake has her weak in the knees. If only there was time to explore the barely contained chemistry simmering between them. But there isn't. Because Sadie desperately needs Theo's help. Her brother lies in hospital facing a murder charge, and their sister is missing. And even Sadie herself is being followed by unsavory-looking characters. But Sadie's not about to take it lying down (unless Theo asks, of course). Her solution? To play an active role in the case, disguised as a law student. To anyone looking, Sadie will simply be another of Theo's male interns. But the heat in Theo's eyes never lets her forget she's all woman.
