

## Line of Succession (The Destroyer Book 73)

The secret of CURE is out and the president elect wants to terminate the organization. Assassination attempts are foiled by a rival bodyguard who seems to have a hidden murderous agenda. The Dutchman has returned with a vengeance, Smitty may be dead, Remo has quit his job to return to Sinanju where pterodactyls have been spotted and Chiun wants a raise. Remo and his nemesis meet again in what could be the pit of illusion and madness. When two Masters battle, there can only be one survivor. And there just may be an up-and-coming student. Remo Williams is The Destroyer, an all-American cop recruited through highly unorthodox methods to serve in CURE, a covert government organization. Trained in the esoteric martial art of Sinanju by his aged Korean mentor, Chiun, Remo is America's last line of defense against mad scientists, organized crime, ancient undead gods, and anything else that threatens the Constitution. An action-adventure series leavened with social and political satire, the Destroyer novels have been thrilling readers worldwide for decades.
