

The Devious Dr. Jekyll: Electric Empire Series #2

Solving the infamous Chopper case has helped crime scene physician Dr. Eliza Jekyll establish her fledgling career in the chauvinistic world of Victorian law enforcement. But the scrutiny that comes with her newfound fame is unwelcome for a woman with a diabolical secret. And there is the mercurial Royal Society agent and wolf man Remy Lafayette. Does he want to marry her, eat her, or burn her at the stake? Though Eliza is uncertain about Remy, her dark and jealous shadow self, Lizzie, wants to steal the magnetic and persistent agent and usurp Eliza's life. It's impossible to push Remy away when he tempts her with the one thing she can't resist: a bizarre crime. The search for a bloodthirsty ritual torturer dubbed the Pentacle Killer draws them into a terrifying world of spies, art thieves, and evil alchemy, where the price of immortality is madness - or damnation - and only Lizzie's dark ingenuity can help Eliza survive.
