

The Hotel on Mulberry Bay

Mulberry Hotel was once home to sisters Eleanor and Penny, but it's been some time since Elle has visited. But following a family tragedy, Elle is forced to return from her busy London life. When it becomes apparent that the hotel is in dire straits, the sisters are unprepared for the reaction of their father, Ned, who refuses to give up the family legacy. Startled by their father's response, the sisters unite in their efforts to save the hotel - and in the process, heal the fractures in the Harte family.
