

The Husband Test

She devised her own standards for the perfect man. Now, can she resist him? Betina Krahn, the New York Times bestselling author of *Sweet Talking Man* and *The Soft Touch*, is at her most charming and witty in this enchanting tale of unlikely love. She vowed never to be married.... Sister Eloise was perhaps the most well intentioned novice at the Convent of the Brides of Virtue and the one always in the most trouble. Headstrong and earnest, she was determined to surprise her frustrated abbess and succeed in her latest role as the convent's new husband judge. But to do so this modest beauty, who had forsaken all carnal pleasure, must judge a warrior whose mere presence exuded a dangerous, unpredictable, and totally male sensuality. He'd do anything to be a husband.... Peril, Earl of Whitmore, needed a virtuous wife in the worst possible way. And he could think of no way worse than taking a stubborn, opinionated young novice back to his blighted estate and proving he was husband material. But in the days and nights to come he finds that the one test he can't pass is resisting this maddeningly irresistible woman. And as the dark secret of the Whitmore estate is revealed and their passion ignited by a single forbidden touch, they find that the perfect match is often made in a far more sensuous place than heaven.
