

The Lazarus Curse: Dr. Thomas Silkstone, Book 4

London, 1782. The sole survivor of an ill-fated expedition to Jamaica has gone missing upon his return home. Dr. Thomas Silkstone had been entrusted to catalog all the New World specimens and therefore feels compelled to investigate the disappearance. Meanwhile, a rumor circulates that a potion with the power to raise the dead is afoot, and the formula is thought to be in the missing botanists journal. As he investigates, the good doctor is drawn into a world of trafficking in corpses for profit. When a headless corpse is discovered, Silkstone uncovers the sinister motives of those who would stop at nothing to possess the Lazarus potion. Inspired by true-life physician Dr. William Shippen Jr., this delightful series has been hailed as CSI meets The Age of Reason (Karen Harper, New York Times bestselling author).
