

## The Love Wife

Critically acclaimed author Gish Jen is a National Book Critics Circle Award nominee and the person John Updike proclaimed as the young novelist most likely to become his successor. In *The Love Wife*, Jen poignantly explores the explosive dynamics of a mixed-race modern Chinese-American family. Carnegie Wong and his WASPY wife Blondie have two adopted children of Asian descent, Lilly and Wendy. The girls are a handful, but they are nothing compared to Carnegie's mother. Mama Wong's dislike for Blondie is relentless, so much so that she introduces a Chinese woman named Lan to the household. When Lilly and Wendy begin to favor Lan over their white mother, Blondie clings ever more tightly to her biological son, Bailey. A powerful novel peppered with humor, *The Love Wife* is absolutely riveting from the first word to the last. The vocal talents of a highly-skilled, award-winning group of narrators make for an exquisite audio production.
