

The Shell Collector: Stories

The perilously beautiful (Boston Globe) first story collection by the author of the acclaimed Pulitzer Prize-winning #1 New York Times bestseller *All The Light We Cannot See*. The exquisitely crafted stories in Anthony Doerr's debut collection take readers from the African Coast to the pine forests of Montana to the damp moors of Lapland, charting a vast physical and emotional landscape. Doerr explores the human condition in all its varieties: metamorphosis, grief, fractured relationships, and slowly mending hearts conjuring nature in both its beautiful abundance and crushing power. Some of the characters in these stories contend with hardships; some discover unique gifts; all are united by their ultimate deference to the ravishing universe outside themselves.
