

The Song of the Lark (Illustrated)

- A beautifully written novel that traces the development of Theo Kronberg, an aspiring young singer in late nineteenth century Colorado. The Song of the Lark is the second of Cather's Prairie Trilogy after O Pioneers! and before My Antonia. - Willa Cather won the Pulitzer Prize for One of Ours (1922) which is also available from Heritage Illustrated Publishing. - Just as accessible and enjoyable for today's modern readers as it would have been when first published a century ago, the novel is one of the great works of American literature and continues to be widely read and studied throughout the world. - This meticulous digital edition from Heritage Illustrated Publishing is a faithful reproduction of the original text and is delightfully illustrated with a number of atmospheric historical paintings that reflect the mood of the novel.
