

China Lofts

A comprehensive look at converted lofts in China. The conversion of industrial spaces into living spaces is something that is becoming a growing trend in large cities across the globe, and China is no exception. China Lofts brings together houses from within culture-rich China and exemplifies the wonderfully practical conversion of current uses as well as the immense creativity that emerges from these confines. This visually stunning book contains refreshing ideas, unique cultural expressions, enigmatic photography, and insightful text.
