

The Watched

The new forensic thriller from the international bestselling author of *Taboo* and *Torn*. Quantico-trained forensic investigator Reilly Steel is back in the country of her birth. Unsure about both her future and her position within the Dublin police force, Reilly hopes that a relaxing stay at the Florida beach home of her old FBI mentor Daniel Forrest will help her decide her future. When Daniels son, policeman Todd Forrest, is called to the scene of a gruesome murder where the body of a beautiful woman has literally been torn in two, he is appalled. Not just because of the grotesque and theatrical nature of the crime but because he recognizes the victim as Daniels goddaughter. In an attempt to find swift resolution on her old friends behalf, Reilly finds herself drawn into the investigation. And when another disturbing murder occurs soon after, Reilly cant help but feel that she has come across something like this before. But where? Will the investigative team be able to find the murderer before his thirst for notoriety drives him to kill again? And will Reillys brief hiatus in the US force her into a decision about her future in Dublin, and the unfinished business she has there?
