15 Shocking True Crime Stories of Britains Worst Serial Killers True Murder Cases included in this volume; Peter Manuel: a career criminal who killed for kicks and profit, taking at least eight lives in a brutal two-year reign of terror. George Joseph Smith: a truly heartless serial killer who preyed on lonely spinsters, killing them by an ingeniously original method. John Reginald Christie: this outwardly respectable middle-aged man held a deadly secret, he was a necrophile and murderer of at least seven women. John Duffy and David Mulcahy: a brutal serial killer team who terrorized London and the southeast during the 1980s, raping and killing in and around railway stations. Amelia Dyer: Britains most notorious baby farmer may have murdered as many as 400 infants for profit. Ian Brady and Myra Hindley: arguably the most reviled killers in British history. Brady and Hindley sexually assaulted and killed 5 children, recording their vile deeds with audiotape and photographs. Graham Young: a juvenile poisoner who was released to kill again. Young subjected his victims to agonizing deaths, while keeping a log of their suffering in his diary. Robert Black: a remorseless pedophile who sexually assaulted and murdered at least three little girls and may have killed many more. Burke and Hare: grave robbing was a profitable but taxing business in 19th century Britain. Burke and Hare came up with a better idea - they created their own corpses. Harold Shipman: the worlds most prolific serial killer, Shipman killed at least 215 of his elderly patients. Some estimates run as high as 1000 victims. Plus 5 more shocking cases.
