

Laboratory Manual Version 1.5 To Accompany Security Strategies In Windows Platforms And Applications

The Laboratory Manual Version 1.5 to Accompany Security Strategies in Windows Platforms and Applications is the lab companion to the Information Systems and Security Series title, Security Strategies in Windows Platforms and Applications. It provides hands-on exercises using the Jones & Bartlett Learning Virtual Security Cloud Labs, that provide real-world experience with measurable learning outcomes. About the Series: Visit www.issaseries.com for a complete look at the series! The Jones & Bartlett Learning Information System & Assurance Series delivers fundamental IT security principles packed with real-world applications and examples for IT Security, Cybersecurity, Information Assurance, and Information Systems Security programs. Authored by Certified Information Systems Security Professionals (CISSPs), and reviewed by leading technical experts in the field, these books are current forward-thinking resources that enable readers to solve the cybersecurity challenges of today and tomorrow.
