

## Wheel of Things (Large Print Library)

Lucy Maud Montgomery was a complex, contradictory woman whose literary achievements rank among the most popular of all Canadian writing. Every Canadian knows Anne of Green Gables, yet very few of us know Lucy Maud Montgomery. Using diaries and letters Lucy Maud never intended to be made public, *The Wheel of Things* is a pioneering biography of one of Canada's most successful and important writers. Since its publication, the release of Montgomery's diaries and other work by scholarly writers have confirmed the life story that Mollie Gillen tells so well in this important and path-breaking biography.
