

The Last Coin

Two thousand years ago there lived a man who sold some valuable information for a fee of 30 silver coins. His name was Judas Iscariot, and he is no longer with us. The coins, however, still exist?and still hold an elusive power over all who claim them. Like Andrew, whose attempts at innkeeping bring in stranger business than he ever expected. And Aunt Naomi, whose most-prized family heirloom is a silver spoon?with a curiously ancient-looking engraving.And especially old Mr Pennyman, who is only five silver coins short of immortality. Jules Pennyman is on a mission?a quest for the 30 pieces of silver of Judas Iscariot. Other novels by this author include The Digging Leviathan, Land of Dreams, and Homunculus, the latter winning him the Philip K. Dick Award.
