

## No Other Story (Whole Nother Story Series Book 3)

The Cheeseman family is back from back in time. In other words, they're in the present time. Well, presently, at least. They're soon to journey back again -- only just a few years this time -- to save the life of their beloved mother. But when they get to the not-so-distant-past, they meet something utterly surprising. Something wilder than anything they've seen before -- including cowboy poets and good-natured pirates. They are about to meet... The alternate versions of themselves!
