

# Why Women Talk and Men Walk: How to Improve Your Relationship Without Discussing It

You know how it can get when a relationship turns sour. Women want to talk things through. Men want to walk away and ignore the problem. By explaining that it is the fundamental differences between men and women that can make relationships so hard, authors Patricia Love and Steven Stosny reveal that the key to a great relationship is rediscovering and maintaining the spark that brought you and your partner together. By following their groundbreaking techniques you will learn how to engage with your partner and reignite the feelings you had when you first met.
