

Prairie Churches

Steeple stand out here on the prairies and plains of North Dakota. They are eclipsed by few other structures in the countryside, creating a cultural landscape like no other. Testaments to faith and community, the prairie churches of North Dakota captured the heart of the nation. Through the Grassroots Grant Program, Preservation North Dakota-- a statewide nonprofit dedicated to preserving and celebrating the architecture, historic places, and communities in the varied landscapes of our prairie state--has to date awarded nearly \$150,000 in grants, beginning with the twenty-six prairie churches preservation projects across the state that are featured in this book. Preservation North Dakota and its partners have made a huge investment in the people and places that make North Dakota unique. *Prairie Churches*, with its stunning photos and success stories, is a commemoration of all that has been accomplished over the past decade.
