

The Zanies

This is the story of Harvey, a little person (3 1/2 tall) who lives with his surrogate father Zephyr in the basement of a house occupied by big people who do not even know they exist. Harvey loves to play pranks on the mean big people for fun and entertainment. He meets another small person about his age and they get together a plan to meet others like them and form a club or organization. They succeed at this and the organization becomes even bigger and more powerful when Harvey and his girlfriend discover something that will change their lives forever. This transforms the Zanies into an organization that can compete with big people on and even footing and enables Harvey to accomplish things he never even dreamed of.
