

Zen 305 (Spanish Edition)

En 1953, el alemán Eugen Herrigel publicó por primera vez el mítico Zen en el arte del tiro con arco. De la mano de este libro, que se sigue reeditando cada año en decenas de lenguas, el zen tradicional entraba por primera vez en Occidente. En 1974, Robert M. Pirsig publicó *Zen y el arte del mantenimiento de la motocicleta*, considerado por el *London Telegraph* como el libro de filosofía más leído de todos los tiempos. Hace casi cuatro décadas desde que el segundo gran libro de zen para occidentales, que sigue siendo un bestseller, apareció en las postrimerías del hippismo. Ahora, con *ZEN 305* (los centímetros a los que se levanta el aro de baloncesto), Ferran Martínez, un mito del deporte español que ha triunfado como asesor financiero, consultor, conferenciante y coach de kaizen presenta un libro de coaching cotidiano para hacer frente a los pequeños grandes problemas del día a día.

/ Zen is the most widely read philosophy book of all time. Now with *ZEN 305* (the centimeters to the rising basketball hoop), Ferran Martínez, a Spanish sports myth that has succeeded as a financial advisor, consultant, lecturer and coach for Kaizen, presents a book of daily coaching to deal with the great small huge everyday problems.
